Dear Stakeholder

RE: INVITATION TO COMMENT ON FINAL DRAFT OF THE GAUTENG INTERGRATED WASTE MANAGEMENT PLAN REGULATIONS

Gauteng Department of Agriculture, Conservation and Environment (GDACE) is in the final stages of developing Integrated Waste Management Planning Regulations (IWMP Regulations) for the Province. GDACE appointed Environmental Science Associates (ESA) to assist in developing the regulations.

The objective of the proposed IWMP Regulations is to ensure consistency in the submission and revision of IWMPs by Local Government within Gauteng. You have been identified by GDACE as an important and key stakeholder and are herewith requested to provide comments on the Final Draft IWMP Regulations. Specifically, comments relating to the time periods pertaining to preparation and review of IWMPs within the context of the Integrated Development Planning process would be welcomed.

Please find appended hereto the Final Draft IWMP Regulations. These regulations are being developed in terms of the Waste Bill [B:39B—2007], the latest version of which is also attached. Please provide your comments and input within 14 days as the commenting period closes on the 20 May 2008.

Should you have any queries, please do not hesitate to contact Mr. Abdul Ebrahim of ESA at the numbers given above.

Yours faithfully

Ms. Z. Smale

Director: Waste Management
